

IngenuityFest Returns with TONS to Show & Tell!

IngenuityFest 2022 Returns as Expo: Ingenuity!

We are thrilled to announce that IngenuityFest will return on September 23-25, 2022 as Expo: Ingenuity! Drawing on the best parts of a history of World's Fairs and (Inter)National Exhibitions, Expo: Ingenuity will ignite the creative spark in the tradition those expositions through time that have brought nations together to celebrate achievement and imagination, highlighting the scientific, technological and social innovations that have driven progress.

At Ingenuity Cleveland, we are thrilled to celebrate this past, present and future (from steam-powered to space age!) with the return our flagship event, alongside our wide community of artists, performers, entrepreneurs, small businesses, community partners, and of course, YOU!

Attracting more than 20,000 attendees and hundreds of exhibitors, Expo: Ingenuity brings a creative twist on theme with whimsical artistic interpretations, deeply engaging and immersive installations, dozens of live performances from music and dance to theater and more. One thing's for sure - you won't want to miss this year's festival so **save the date!**

Around the globe, expos have offered the chance to gather around new ideas and pressing challenges, highlighting extraordinary feats of human imagination. At their best, expos can bring people together around universal themes and bridge the gap between citizens, companies, governments and organizations.

And, just like Cleveland's own Great Lakes Exposition, which nearly a hundred years ago helped draw Cleveland out of the Great Depression with a burst of energy, expos can offer the chance to foster civic and regional pride, attract visitors, and provide much-needed celebration in the midst of recovering from a few challenging years. Will you jump on board?
