"Ingenious Spaces" at Winterland

Did you know that as part of our "Ingenious Spaces" program Ingenuity works with partners all over Cleveland to beautify and enliven places with collaborative creations from our IngenuityLabs community?

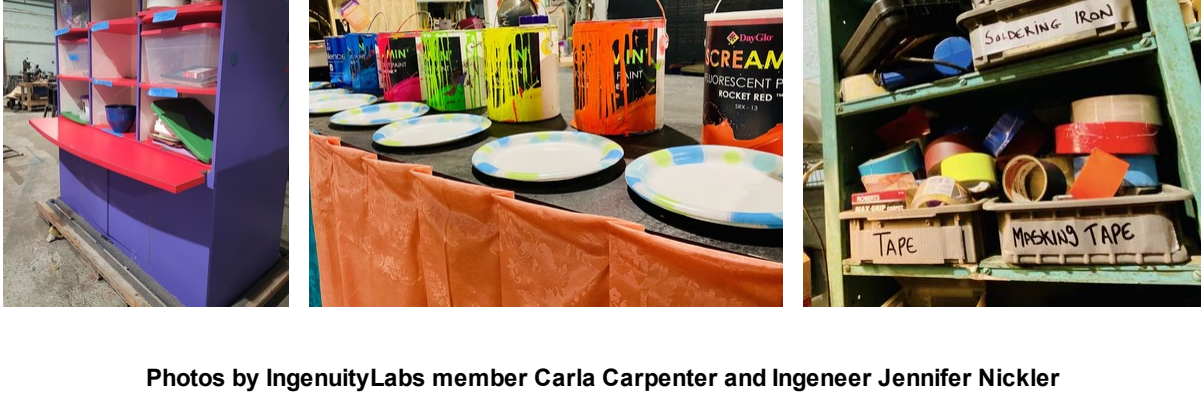

As part of Downtown Cleveland Alliance's Winterland program, Ingenuity worked with labs member Cleveland Fabrication to design and build three seating installations, which would double as selfie stations near Gateway/East 4th and Lighthouse Park/West 9th. Check out Winterland's [Bright Nights](#) for cozy evening pop-ups around town with outdoor fire pits with live music, and stay tuned for more surprises planned to pop up at US Bank Plaza!
